

INTERNATIONAL CTEPH CONFERENCE 2023

Agenda

Friday, 29 September 2023

07:30–08:30 Registration

08:30–08:40 Welcome

M. Madani, M. Delcroix

Session 1: Pathophysiology of CTEPH

Chairs: J. Pepke-Zaba, P. Fedullo

08:40–08:55 From acute pulmonary embolism to CTEPH

V. Tapson

08:55–09:10 COVID-19 and pulmonary embolism

T. Morris

09:10–09:25 CTEPD without PH

T. Fernandes

09:25–09:40 Insights into molecular mechanisms

J. Yuan

09:40–09:55 Microvasculopathy and small vessel disease

E. Fadel

09:55–10:10 Q&A with the panel

10:10–10:50 Coffee break

Session 2: Diagnostic challenges

Chairs: M. Delcroix, B. Auger

10:50–11:05 CT is King

S. Kligerman

11:05–11:20 Don't forget VQ and angiography

N. Kim

11:20–11:30 ESC/ERS guideline updates

J. Pepke-Zaba

11:30–11:45 Q&A with the panel

11:45–12:10 Keynote: US CTEPH Registry

K. Kerr

12:10–14:15 Lunch break and satellite symposium

Session 3: The multidisciplinary CTEPH team: making treatment decisions

Chairs: M. Madani, I. Lang

14:15–14:55 Round table

J. Yang, K. Kerr, S. Kligerman, D. Jenkins, H. Matsubara, G. Simonneau

Session 4: Management of operable patients

Chairs: E. Mayer, E. Fadel

14:55–15:10 Keynote: Pulmonary endarterectomy in adults and children

M. Madani

15:10–15:50 Round table

M. de Perrot, D. Jenkins, M. Madani, V. Pretorius

15:50–16:20 Coffee break

Deep dives

Chairs: X. Jaïs, M. de Perrot

16:20–16:50 Diagnostic pitfalls

S. Kligerman, N. Kim

16:50–17:20 Surgical techniques and perioperative management

D. Jenkins, M. Madani

17:20 Closure of day 1

M. Madani

19:00 Conference dinner

INTERNATIONAL CTEPH CONFERENCE 2023

Agenda

Saturday, 30 September 2023

08:30–08:40 Welcome H. Matsubara

Session 5: Management of inoperable patients – medical, interventional, or multimodal?

Part 1

Chair: H. Matsubara, P. Brenot

08:40–08:45 ERS/ESC guidelines for the management of inoperable patients G. Simonneau

08:45–09:00 Keynote: Balloon pulmonary angioplasty H. Matsubara

09:00–09:10 Findings from the ICA BPA Registry I. Lang

09:10–09:50 Round table P. Brenot, I. Lang, X. Jaïs, E. Mahmud, D. Poch,
H. Shimokawahara, Z. Steinberg, C. Wiedenroth

09:50–10:20 *Coffee break*

Part 2

Chairs: D. Jenkins, G. Simonneau

10:20–10:35 Residual PH after interventional therapy J. Pepke-Zaba

10:35–10:50 Approved medical therapies and key studies R. Channick

10:50–11:05 Future design of medical treatment in CTEPH studies
– lessons from PAH N. Kim

Highlights from the abstracts

Chair: J. Pepke-Zaba

11:15–11:20 Introduction and announcement J. Pepke-Zaba

11:20–11:40 Abstract presentations *Abstract authors*

11:40–13:40 *Lunch break and satellite symposium*

Deep dives

Chairs: E. Mahmud, C. Wiedenroth

13:40–14:10 BPA techniques and management of complications I. Lang, H. Matsubara

14:10–14:30 Medical therapy – indications, combinations, drugs,
timing in relation to mechanical treatments J. Pepke-Zaba, X. Jaïs

Session 6: Long-term outcomes

Chairs: I. Lang, N. Kim

14:40–14:55 Long-term outcomes: data from the ICA global registry M. Delcroix

14:55–15:00 EU perspective G. Simonneau, C. Wiedenroth

15:00–15:05 Japanese perspective H. Matsubara

15:05–15:10 The future of CTEPH in the US and globally K. Kerr

15:10–15:20 Q&A with the panel

15:20–15:25 Meeting closure D. Jenkins, N. Kim

The ICC agenda will be supplemented by satellite sponsor symposia, a virtual poster session and industry exhibitions.

INTERNATIONAL CTEPH CONFERENCE 2023

Agenda

Financial sponsorships

The ICC 2023 is sponsored and financially supported by

The ICC sponsors did not have any influence on the selection of the faculty or the content of the scientific programme.

Endorsement and other sponsorships

The ICC 2023 programme is sponsored and endorsed by

This educational activity has been endorsed by the ISHLT following a review of the scientific program, including curriculum outline and course design. This endorsement does not apply to specific speakers and/or specific statements/content presented at this meeting, all of which are the sole responsibility of the organizers and the presenters. The views of the organizers and the presenters are not necessarily those of the ISHLT.
